Subject: Clerk Typist Position

25X1A6a

Your request for an additional native position for the [REDACTED] has been given careful consideration here. While it is appreciated that the addition of a combination Clerk Typist/Teletype Clerk would ease the clerical burden, the budget situation for the remainder of this fiscal year is so tight that we are not adding any additional positions except in extremely urgent situations.

Therefore your request should be re-examined in early Fiscal 1960 and if you still consider it necessary for the [REDACTED] operation, you should resubmit your request with whatever additional justification you have at that time.

Sincerely,

25X1A9a

Chief, [REDACTED]
